PRINCIPLES

Holm's Premix aims to provide the highest possible standard of quality and service in the construction industry, striving to deliver all projects in the committed time frame with care and consideration for quality, not quantity. Every client is our asset and customer satisfaction is our main priority.

Contracts are executed by technically well experienced and qualified personnel. A superior is on site daily, as well as the chief contractor, for regular supervision.

We endeavour proper designs, approval and planning to meet various regulatory Government requirements. Projects are managed in such a manner to minimize pollution and ecological disturbance in order to adhere to the regulations of relevant authorities.

We undertake to co-operate with communities to meet their needs and aspirations. This provides employment opportunities which contribute towards to overall benefit of the country.

OUR MEN AT WORK

Personnel – foremen, machine operators, skilled employees – receive regular job/equipment training and are assessed for support and promotion. We are proud to mention that many of our staff has been with the company for 20-plus years, due to recognition, pleasant working conditions and good remuneration packages.

SAFETY

The manpower of Holm's Premix is its most valuable resource.

To ensure a safe workplace for staff, and also to protect clients' investment and facilities, we adhere to a strong health and safety culture, driven by the goal to achieve zero accidents.

This is effectively reached by using protective clothing and equipment, safe tools and machinery, and well trained and competent staff.
